Mt 19:22
Correction in 892?

NA[27] Matthew 19:22 ἀκούσας δὲ ὁ νεανίσκος τὸν λόγον ἀπῆλθεν λυπούμενος· ἦν γὰρ ἔχων κτήματα πολλά.

τὸν λόγον τοῦτον B, 372, pc, it(a, b, c, ff[1], n), vg[mss],
Sy-S, Sy-C, Sy-P, mae-1+2, bo[mss], geo[1],
NA[25], WH [both with τοῦτον in brackets], Weiss

892: NA[27] and ECM-Parallels, p. 99 have 892[C] for the addition of τοῦτον. The line ends with t o n l o g o . At the position of the horizontal bar is a triplet sign, which is used in 892 as an insertion sign sometimes. but in this case it is most probably indicating the lection eding, as it happens elsewhere, too.

There are some very faint traces of "something" in the margin, perhaps a t can be made out, but it is impossible to judge from the b/w photo. If this is indeed a correction, it has been erased. Harris has nothing about this in his collation. NA[28] has thus removed 892 from the apparatus.
